Maria Fernanda Espinosa Tovar

Technology GR making us less capable of concentrating and thinking deeply because since we have technology P people had GR kinds of information in + essay way, so our strength ? is in short time and we did not GR research enough If that information that we consume is real or not. On the another WW hand, we have a GR addiction with social networks and all the time + do something while we watch some video or check social networks.

Although, If you learn how you can use the technology for you develop GR your knowledge and not GR consume the content and search more documents and support your ideas with books, other authors, this show GR your critical thinking and how technology could be a tool. for example, my sister loves to GR

watch OR some theory in tik tok and then start to find documentaries, items or books about that.

POOR!

LOTS OF PROBLEMS IN GRAMMAR AND STRUCTURE.
